

Appendix M-1: Acquisition Stewardship Plan Outline

Project sponsors that have acquired land must provide a stewardship plan at the close of the project. A plan is necessary to ensure the landowner will maintain the property in perpetuity. The following components may be included in the plan.

Project Title: _____

SRFB Project Number: _____

1. Introduction
 - A. Background
 - B. Land Use History
2. Purpose – Landowner’s Goals
3. Relationship to Other Actions or Plans
4. Current Conditions (i.e. Post Project Completion)
 - A. Fish Use and Habitat
 - B. Riparian
 - C. Hydrologic
 - D. Soils and Soil Stability
 - E. Upland

- F. Public Use
- G. Cultural and Historic Resources
- 5. Desired Conditions
 - A. Fish Use and Habitat
 - B. Riparian
 - C. Hydrologic
 - D. Soils and Soil Stability
 - E. Upland
 - F. Public Use
 - G. Cultural and Historic Resources
- 6. Maintenance and Monitoring Schedule
 - A. Planned Activities (by Season and Year)
 - B. Effectiveness Review
- 7. Adaptive Management Plan
- 8. Roles, Responsibilities, and Funding
- 9. Constraints and Uncertainties
- 10. Attachments:
 - A. Vicinity Map
 - B. Site Plan
 - C. Photographs
 - D. Permit Requirements
 - E. Monitoring Protocols
